

Clinical Practicum Sites 2026-2027

ATTN CLINICAL COUNSELING STUDENTS: Beginning August 1, 2018, the Department of Healthcare and Family Services (HFS) introduced the implementation of Integrated Assessment and Treatment Planning (IATP). To support the application of the IATP, the Illinois Medicaid Comprehensive Assessment of Needs and Strengths (IM+CANS) was created as result of a partnership between HFS and the School of Social Work at the University of Illinois Urbana-Champaign, and Chapin Hall at the University of Chicago. The IM+CANS is a model that integrates assessment and treatment planning into a single process.

If you are planning on doing your practicum or internship at a government agency, you will be required to partake in a mandatory training session designed to familiarize you with the IM+CANS. You can find the training schedule here - <https://socialwork.illinois.edu/continuing-education-training/provider-assistance-and-training-hub/path-training-materials/>. Please complete this training before starting at your site. You may reach out to your site in order to get costs covered for the training.

MATTOON

LifeLinks Mental Health (Updated Fall 2026)

Contact: Mandy Bute

Address: 750 Broadway Ave. East, Mattoon, IL. 61938

Phone: (217) 238-5700

Fax: (217) 238-5769

Email: mbute@lifelinksinc.org

Website: www.lifelinksinc.org

Populations Served: Outpatient, SASS, PSR, residential (for GA only), individual, adolescents, children, minorities, adults, family, group

Mental Health Issues: Sexual abuse, depression, anxiety, substance abuse, eating disorders, psychotic disorders, adjustment disorders, relationship issues

******Please complete intern application on the website located in the Employment Section, underneath “A Great Place to Intern”.***

******LifeLinks requires a multi semester commitment, which means that you would have them as your practicum site in the Spring, and would also be an intern (& possibly GA) for them in the Summer, & following Fall & Spring semester terms. Be sure to check for early deadlines!***

“With our Outpatient and Community Support Programs we ask that students complete their Practicum and Internship. This is due to the training they would need to complete; a few hours a week would not provide enough time for the student to do all the State trainings required. For students looking for flexibility we offer just Practicum hours at our day program, Connections. This is a program that offers individual support and groups to those who have chronic and persistent mental illness.”

Lakeland College Center Counseling (Updated Fall 2026)

Contact: Kendra Bierman or Ellie Haskett
